DETAILED ACTION

Claim Objections

1. Claim 8-17 are objected to because of the following informalities:

Claims 8 and 9 are objected to under 37 CFR 1.75 as being a substantial duplicate of claims 1 and 2. When two claims in an application are duplicates or else are so close in content that they both cover the same thing, despite a slight difference in wording, it is proper after allowing one claim to object to the other as being a substantial duplicate of the allowed claim. See MPEP § 706.03(k).

Claim 11, line 2, it is suggested to change "at least on" to --at least one--.

Claim 12, line 4, it is suggested to insert --the-- before "memories". In line 5, it is suggested to insert --values-- after "the channel state".

Claim 15, line 2, it is suggested to change "the data packet" to --the packet data--.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 1-10 and 12-14 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1 claims at least one channel state value; it is unclear how the difference will be calculated with only one channel state value.

Art Unit: 2616

Claim 8 recites the limitation "the channel state values" in lines 2-3. There is insufficient antecedent basis for this limitation in the claim.

Claim 12 recites the limitation "the sum" in line 7. There is insufficient antecedent basis for this limitation in the claim.

Claim Rejections - 35 USC § 101

4. Claims 1 and 8 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter. The calculating and determining steps in claims 1 and 8 produce no useful, concrete and tangible result.

Allowable Subject Matter

5. Claims 2-7 and 10-17 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph and/or the objection(s), set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
